DEDICATION

To every student who lives, studies, and plays within these walls, Monticello symbolizes more than a mere series of classrooms.

During its one hundred-twenty-three-years of existence, Monticello has become increasingly rich in tradition, spirit, ideas, and ideals; these are transmitted to us, the students, broadening our scope of knowledge and widening our intellectual horizons. We become instilled with the true Monticello spirit; as we leave to make our places in society we are better people because of this.

This spirit that pervades our atmosphere has grown gradually through the years, and it represents an integrated total of the many experiences shared here. Like the modern society in which we live today, Monticello constantly moves forward and strives to attain an even higher goal.

As a tangible proof of this progress, in a few short years the first large-scale expansion program in our history will be completed. Our ivy-covered stone walled buildings, such an important part of our rich heritage of tradition, will be joined by modern, straight-lined structures modeled in the latest contemporary styles, offering the utmost in convenience and comfort to students and faculty alike. This visible growth is more than an addition of buildings to our campus; it is a symbol of the never-ending progress that has taken place at Monticello since its founding and that will continue to take place in the years to come.

It is to this progress and to the future greatness of Monticello that we, the classes of 1958, dedicate the *Echo*. We are optimistic for the ever-continuing growth of tradition, spirit, ideas, and ideals, whose combination has thus far resulted in the high standards upheld by Monticello today.

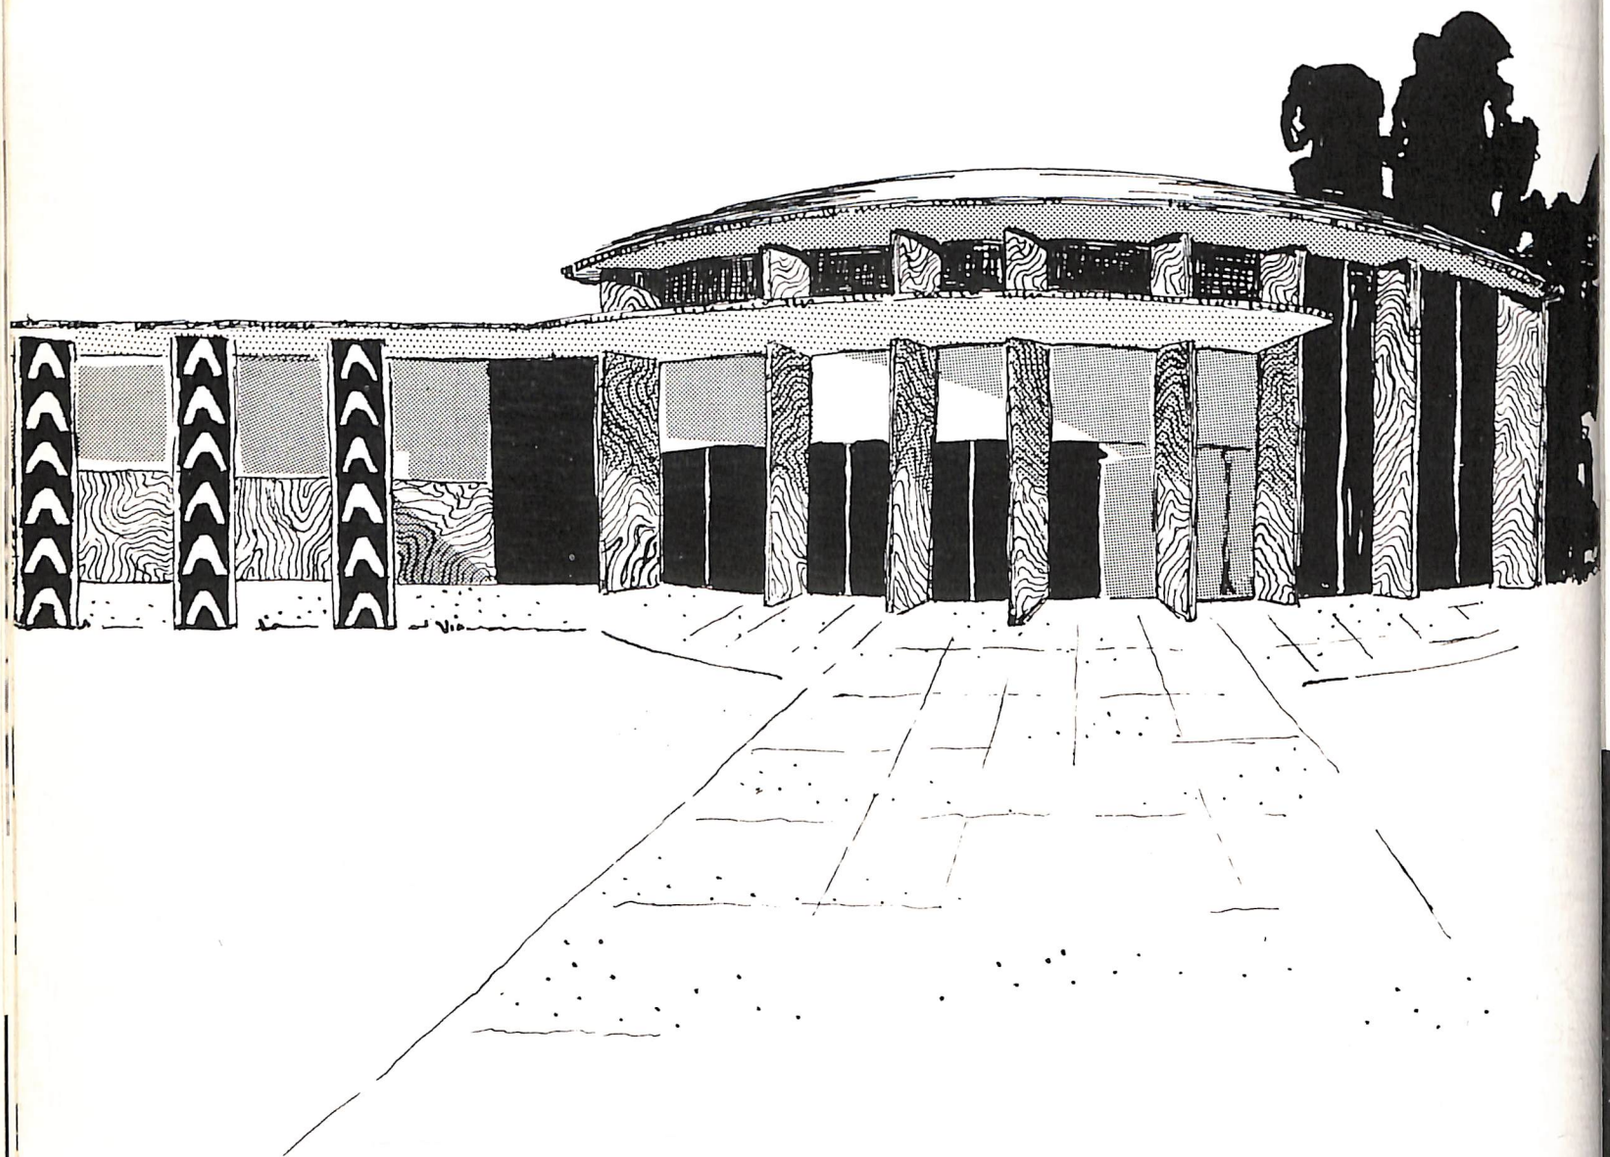
CLASSES



THE RECITAL HALL

Large, well-lighted classrooms fully equipped with the most modern aids to progressive education will give Monticello students every possible advantage academically, while at the same time providing a pleasant atmosphere for study.

MONTICELLO SEVEN IDEALS

With hearts aware of beauty, loyalty, and dignity, minds ever striving for wisdom and democracy, and willing hands to offer service and friendship to all, these girls have been chosen from the class of 1958 by vote of their classmates to represent the seven ideals of Monticello.

BEAUTY

Anita Riggs

Within each girl is the power to recognize and appreciate the beauty of everyday experiences. Life is filled with beauty if one is sensitive to it and eager to find it — if one's eyes are trained to see, one's ears to hear, one's heart to understand and one's mind to remember.

DEMOCRACY

Barbara Cratz

The truly democratic person interests herself in the activities of others. She seeks to understand and respect the ideals and beliefs of her associates while maintaining her own independence of thought and action.

DIGNITY

Marty Mount

Dignity is a quality of reserve which comes with emotional, intellectual and social maturity. Dignity is always reflected in the recognition of the fitness of things and in the poise and self-confidence with which one places one's self above that which might be considered unseemly.

FRIENDSHIP

Phyllis McCampbell

Many of your most cherished and lasting friendships will be made while you are at Monticello. Your college days will afford rich opportunities for making a wide circle of friends. In true friendship there are dignity, beauty, loyalty, service, and never-failing consideration.

LOYALTY

Kay Boortz

One of the most important of the Monticello ideals is a deep-seated loyalty to the college, one's friends, one's family, and one's own beliefs. This deep emotion will grow through understanding, respect, and love.

SERVICE

Ann Hayes

Each one of us has a distinctive personality and unique talents. The Monticello girl considers it not only a privilege but also a responsibility to share her gifts with all, thereby helping herself and others to develop to the fullest measure.

WISDOM

Marilyn Praught

As the Monticello girl grows in academic stature, she seeks to increase her ability to apply her knowledge usefully, for wisdom is the union of knowledge with understanding.

DOLL DINNER

Each winter just before Christmas the Monticello Christian Association presents the formal Doll Dinner, the organization's most important yearly project. Each student, and many faculty members and Monticello alumnae bring dolls, which are collected and distributed to needy children in the area.

Treasurer Marilyn Elkouri congratulates Puffy Dickey, her new successor, as the results of the M.C.A. elections are announced.

Dolls contributed by students, faculty, and alumnae are classified by type and placed on display in the library.

Triple trio members blend voices to provide after-dinner entertainment.

VOLUNTARY SPORTS

Swimming, basketball and horseback riding are just a few of the more popular sports offered to the students throughout the year. With the help of the physical education teachers, each girl has a chance to participate in the sport of her choice and to develop sportsmanship.

WMA BALL

Lynn Gardiner was crowned queen of the Military Ball, held at Western Military Academy. Her attendants were Pat Pierson and Maggie Hargreaves.

MONTI'S WINTER FORMAL

INFORMAL DANCE WITH LINCOLN COLLEGE

Through the unrelenting work of the able Social Committee, the Preparatory School was able to have a dance with Lincoln College. This dance will always be remembered as one of the highly successful events of the 1957 - 1958 Social Program.

CLASS DAY

On the day before the graduation exercises, the Junior and Senior classes assemble on the Caldwell steps to take part in the traditional Class Day Ceremony. On this day another memorable year is brought to a close and is added to Monticello's glorious past. During the ceremony, the members of the Junior class present each Senior with a bouquet of a dozen red roses. The graduating Seniors in return present the Senior Class to the Juniors, leaving Monticello's bright future in these new Seniors' capable hands.

WE'RE GOING WITH YOU

Whether you knew it or not, almost every day of your school year you've used a product made by Olin Mathieson, or one that Olin Mathieson helped to make.

Once you're established in business or professional life, you'll probably hear a lot more about Olin Mathieson. A good many of you may have business with us, and a few of you may even come to work for us. There will be room because Olin Mathieson is growing. When Olin Industries, Inc. merged with the Mathieson Chemical Corporation in August, 1954, they brought together the skills, facilities and resources of two of the country's most rapidly expanding industrial organizations.

We extend our best wishes to you. May the future bring you all you've hoped for and everything for which you have worked.

Party Politics

KEEP it light, keep it casual—that's the party-platform for young people today. You'll notice that even the refreshments fit the ticket—they're lighter, more casual, less-filling, too.

That's why the crowd votes for Pepsi-Cola. It's the modern, the *light* refreshment. Never heavy, never too sweet. Have a Pepsi—to keep your party light—and bright.
